

INVITATION

NAAPA 2015 NSW Election Platform Launch

The NSW ACT Alcohol Policy Alliance (NAAPA) invites you to attend the launch of our 2015 NSW Election Platform.

NAAPA is an alliance of 44 health, community, law enforcement, emergency services and research organisations working to promote evidence-based actions to prevent alcohol-related harms in NSW and the ACT.

During the 2015 election NAAPA will be calling on NSW Political Parties to build on their commitment to prevent alcohol harms by:

- Preventing street violence;
- Protecting children and families;
- Preventing chronic disease;
- Reducing alcohol industry influence in decision making; and
- Supporting communities.

Join the members of NAAPA as they launch their 2015 Election Platform to find out more about these priority areas and how NSW can lead the country in alcohol policy reform.

More information about the event, including a full program of speakers will be released shortly.

NAAPA members will be tweeting live from the event, so use **#NAAPA** to join the conversation
